BRAIN 2026

Abstract Submission Guide

Thank you for your interest in the BRAIN Conference 2026.

This guide is designed to provide information about everything you need to know to submit an abstract. Please read it before proceeding to the online submission form.

The next BRAIN Conference is due to take place on Monday 7 - Wednesday 9 December 2026 at Convene 155 Bishopsgate, London.

Led by course directors **Dr Paul Bhogal** and **Dr Levansri Makalanda**, the BRAIN Conference is dedicated to neurovascular diseases. An international faculty will gather under one roof to provide education on several topics, including stroke, aneurysms, new technology and much more!

Successful abstract authors will be invited to present their abstract as a digital poster or as an oral presentation at the BRAIN Conference. Please note this will not be in the main conference programme, and will instead be recorded to be hosted on the official BRAIN Conference app.

The nominated presenting author for an abstract is required to purchase a ticket to attend conference on the allocated presentation date and must be available to present in-person.

Conference tickets can be purchased through the BRAIN Conference website: brain-conference.com.

ABSTRACT PROCESS

Step-by-Step Guide

Step 1: Submit your abstract online via the Oxford Abstracts platform

Step 2: Abstracts are accepted as a digital display post or oral abstract presentation

Step 3: Apply for your travel bursary

Step 4: Book your ticket to the BRAIN Conference

Step 5: Prepare your poster or oral presentation

SUBMIT YOUR ABSTRACT

Visit the BRAIN website to submit your abstract:

www.brain-conference.com

BRAIN 2026

Abstract Submission Guide

Key Dates

Submission deadline: Friday 30 October 2026

Abstracts are reviewed on a rolling basis, with earlier submissions receiving earlier decisions

Successful abstracts announced: Friday 13 November 2026

Digital poster deadline: Friday 27 November 2026

Oral abstract presentation deadline: Friday 27 November 2026

Who Can Submit?

Abstract submissions are welcome from interventional neuroradiologists, neurosurgeons, neurologists, stroke physicians, neuroscientists, allied health professionals, trainees, and fellows worldwide.

Submissions from individuals who do not meet this criterion will not be considered. If you have any questions regarding eligibility, please contact the conference organisers before submitting your abstract.

Evaluation Process and Acceptance

All submitted abstracts will be scored and pass through an evaluation process after the submission closes.

Only those accepted will be invited to exhibit at the meeting, either presenting an oral abstract or displaying a digital poster.

Only accepted abstracts will be invited to present at the meeting. Abstracts are reviewed on a rolling basis, and you'll be notified whether yours has been accepted or declined as soon as possible.

Digital Display Posters

Poster presenters will be asked to display a digital poster at conference, which attendees can review at their leisure. They will also be asked to upload the electronic version of their poster to share with online delegates via the BRAIN Conference app, during conference and for up to three months post-event.

Oral Abstract Presentations

Oral abstract presenters will be required to deliver a concise and engaging presentation summarising their research findings within the allotted time.

Presentations will be recorded privately to host on the BRAIN Conference app.

BRAIN 2026

Abstract Guidelines

- Abstract submissions via Oxford Abstracts only. The link to the submission form can be found on the BRAIN Conference website.
- Images, Tables, Diagrams and Graphs are not allowed for the initial submission.
- Final posters will be presented electronically and must be portrait style and standard paper ration (A1/A0 for example)
- Please ensure the email address of the presenting author is entered correctly to enable us to communicate efficiently.

Abstracts with the following topics can be submitted:

- Aneurysms
- Stroke
- ICAD
- Interventional Oncology
- DAVF
- AVM
- AI and New Technology
- Headache
- Other

The Abstract Submission:

- Title - Maximum of 120 characters (including spaces)
- Abstract - Abstract maximum 600 words.

Images, Tables, Diagrams and Graphs are not allowed for the initial submission.

We ask that you consider the following headings. Background, Aims, Method, Result, Conclusion.

Publish your abstract within the S:VIN Journal

In order to publish your abstract within the S:VIN Journal, you will need to acknowledge and confirm that all authors have transferred ownership of the abstract to Millbrook Medical Conferences, the organising secretariat of the BRAIN Conference.
