

LESION PREPARATION CONFERENCE 2023

THE REAL WORK BEHIND PCI

FRIDAY 24 MARCH | ROYAL COLLEGE OF PHYSICIANS LONDON

09:00 Welcome Simon Eccleshall

09:30 **SESSION 1: NON-INVASIVE ASSESSMENT TO GUIDE LESION PREP**
Chairs: Tom Johnson & W

Case presentation
Comparison of Calcium Modification techniques
Imaging to guide calcific lesion preparation
Approach to uncrossable lesions
Approach to un-dilatable lesions

10:30 **SESSION 2: CALCIUM**
Chair: Peter O’Kane & Julian Gunn

Case presentation Peter O’Kane
Comparison of Calcium Modification techniques &
Imaging to guide calcific lesion preparation Tom Johnson
Approach to uncrossable lesions E
Approach to un-dilatable lesions E

10:30 Refreshments and Visit the Exhibition

11:45 **SESSION 3**
Chair: W & K

Case presentation
ECG Changes and Microcirculation in STEMI
Data for thrombectomy and imaging in STEMI
Alteplase, delayed reperfusion/stenting and the challenges/data within

13:00 Lunch and Visit the Exhibition

14:00 **SESSION 4**
Chair: Tom

Case Presentation Tom Keeble
ECG Changes and Microcirculation in STEMI Gerald Clesham
Data for thrombectomy and imaging in STEMI Klio Konstantinou
Alteplase, delayed reperfusion/stenting and the challenges/data within Peter McCartney

15:15 Refreshments & Visit the Exhibition

15:30 **SESSION 5**
Chair: d

Case Presentation Tom Johnson
Physiology of diffuse disease to guide treatment Paul Morris
Imaging of diffuse disease to guide treatment Tom Johnson
DC, DES or a blended approach Clint Maart

16:00 Close of Conference
