

Check Point CPX 2027 Agenda

Tuesday						
17:00-20:00	Customer onsite registration, Expo and cocktail reception					
Wednesday						
9:00-11:00	CPX Opening Keynote Featuring: - Nadav Zafrir, CEO + Nataly Kremer, Chief Product Officer and Special Guests					
11:00-18:00	Check Point Expo Open (Booths, Genius Bar, Cyber Arcade, Hands on Lab, Innovation Theater Stage)					
11:00-18:00	Breakout Tracks and Experiences					
	Modernizing Network Security in The Era of AI	Securing AI - People, Applications, Agents	Prevent AI attacks on Email and Endpoints	Outpace AI Threats With Exposure Management and Situational Awareness	Call for papers won sessions - Customer Community Use Cases	Best Practices Deep-Dive Experiences & Domain Specialists Tracks
11:00-11:25	Built for AI: Network Security for the Next Wave of Transformation	The AI Defense Plane - Your Blueprint for Secure AI Transformation	When Work Has No Walls: Engineering Unified Workspace Security	The Blueprint for Exposure Management, Making Sense of CTEM Framework	Call for papers Submit your offer at cpx.checkpoint.com/#CallforPapers	Best Practices Deep-Dive Experiences • Best Practices Workshops • Certification Bootcamps • Deep-Dive Genius Bar • Hands-On Labs Domain Specialists Tracks (By Invite Only) • CISO and Executive Workshop (By Invite Only) • Verticals (Healthcare, Defense, Industrial) Track • MSP Experience
11:30-11:55	Agentic Network Security Management: Let Agents do the Work. Faster Network Security Management	Securing the AI Workforce - Secure AI usage across browsers, SaaS, and copilots	Prevent sophisticated email AI attacks on your workforce	Identify, Prioritize, Validate and Remediate Exposures With Agentic Exposure Validation	Call for papers Submit your offer at cpx.checkpoint.com/#CallforPapers	
12:00-12:25	Keep Pace with Your Data Center: Security That Scales as You Change	Securing AI Applications - Protect model inputs and outputs at the application edge	Best Practices for defeating AI-powered ransomware and phishing attacks	Turn Exposure Insight into Continuous Risk Reduction	Call for papers Submit your offer at cpx.checkpoint.com/#CallforPapers	
12:30-13:30	Lunch + Check Point Expo Open (Booths, Genius Bar, Cyber Arcade, Hands on Lab, Innovation Theater Stage)					
13:30-13:55	AI Network Firewall: Firewall Meets AI. Stop Threats in Real Time	AI Red Teaming & Assessment Best Practices	Your Attack Surface Just Exploded: The AI-Driven Threat Landscape	ThreatCloud AI Under the Hood - 2027 Innovations	Call for papers Submit your offer at cpx.checkpoint.com/#CallforPapers	Best Practices Deep-Dive Experiences • Best Practices Workshops • Certification Bootcamps • Deep-Dive Genius Bar • Hands-On Labs Domain Specialists Tracks (By Invite Only) • CISO and Executive Workshop (By Invite Only) • Verticals (Healthcare, Defense, Industrial) Track • MSP Experience
14:00-14:25	Securing the Multi Cloud: One Security, Many Clouds. Consistent Protection Across Every Cloud	Your Attack Surface Just Exploded: The AI-Driven Threat Landscape	When Work Has No Walls: Engineering Unified Workspace Security	Governing AI Without Killing Innovation: Compliance, Risk, and Reality	Call for papers Submit your offer at cpx.checkpoint.com/#CallforPapers	
14:30-14:55	Smarter Attacks, Smarter Security: Prevent AI-Driven Threats	The AI Defense Plane - Your Blueprint for Secure AI Transformation	Prevent sophisticated email AI attacks on your workforce	The Blueprint for Exposure Management, Making Sense of CTEM Framework	Call for papers Submit your offer at cpx.checkpoint.com/#CallforPapers	
15:00-15:25	Protect What Society Relies On: Cyber Security for Critical Infrastructure	Securing the AI Workforce - Secure AI usage across browsers, SaaS, and copilots	Best Practices for defeating AI-powered ransomware and phishing attacks	Identify, Prioritize, Validate and Remediate Exposures	Call for papers Submit your offer at cpx.checkpoint.com/#CallforPapers	
15:30-15:55	Secure Access, Anywhere: Connect Every User Safely with SASE	Securing AI Applications - Protect model inputs and outputs at the application edge	Your Attack Surface Just Exploded: The AI-Driven Threat Landscape	Turn Exposure Insight into Continuous Risk Reduction	Call for papers Submit your offer at cpx.checkpoint.com/#CallforPapers	
16:00-16:25	Agentic Network Security Management: Let Agents do the Work. Faster Network Security Management	AI Red Teaming & Assessment Best Practices		ThreatCloud AI Under the Hood - 2027 Innovations	Call for papers Submit your offer at cpx.checkpoint.com/#CallforPapers	
16:30-16:55	Meet The Experts – Ask Me Anything with R&D & Product Managers	Your Attack Surface Just Exploded: The AI-Driven Threat Landscape		Governing AI Without Killing Innovation: Compliance, Risk, and Reality	Call for papers Submit your offer at cpx.checkpoint.com/#CallforPapers	
17:00-17:30						
20:00-23:300	Evening Event					
Thursday (Customers + Partners + Check Point Employees)						
CYBER TALK KEYNOTES						
9:00-10:30	Thursday Opening Keynote – AI Innovations from our Labs, Ai Hackers Exposed - The Latest Threat Intelligence, Customer Stories on Securing the AI Transformation, Exposure Management, Innovation Sandbox Startup winner and more					
10:30-11:00	COFFEE BREAK (Check Point Expo Open (Booths, Genius Bar, Cyber Arcade, Hands on Lab, Innovation Theater Stage)					
	CYBER TALK KEYNOTES					
11:00-12:00	CTO Keynote - Cyber & AI in 2030 Exciting External Speaker closing keynote					
12:00-16:00	Lunch + EXPO Open (Booths, Genius Bar, Cyber Arcade, Hands on Lab, Innovation Theater Stage)					
	Best Practices Deep-Dive Experiences					
13:00-15:00	Best Practices Deep-Dive Experiences • Best Practices Workshops • Certification Bootcamps • Deep-Dive Genius Bar • Hands-On Labs Domain Specialists Tracks (By Invite Only) • Verticals (Healthcare, Defense, Industrial) Track • MSP Experience					
16:00-	Departures					

CPX 2027 Tracks & Experiences – at a glance

Five Use-Case-Centric Tracks

- **Modernizing Network Security in The Era of AI** - Deep dive into implementing secured Hybrid Mesh networks, Data Center, Perimeter, AI Factories, SASE for the ERA of AI
- **Securing AI - People, Applications, Agents** - Learn cutting edge technologies on securing AI usage across browsers, SaaS, and copilots as well as protecting model inputs and outputs & AI Agents activities
- **Prevent AI attacks on Email and Endpoints** - Explore Cyber Security innovations to effectively prevent threats to Email, Endpoints & SaaS before they cause damage to the network.
- **Outpace AI Threats With Exposure Management and Situational Awareness** – Get Blueprints to effectively Identify, Prioritize, Validate and Remediate Exposures
- **Customer Case Studies & Use-cases** - Listen first-hand to industry best practices from organizations discussing real use-cases.

The Check Point Cyber Expo

- **Technology Partners Expo** - Meet the technology partners whose products sit alongside Check Point in your stack
- **AI Innovations Sandbox Competition (NEW)** – “Shark Tank” style innovation pitch competition for startups or individuals: winner decided by the crowd & panel of judges and gets a main-stage keynote slot at the event!
- **Start-Up Pavilion** - Leading cyber security Start Ups present their innovations.
- **Cyber Arcade** - Practice your cyber security skills in a fun and engaging environment Timed challenges: jailbreak a model, defend an agent, live leaderboard

Deep-Dive Experiences

- **Best Practices Workshops** - Working sessions rather than presentations: small groups - bring your laptop.
- **Genius Bar** - Bring your own architecture, policy or open question and sit down with the Check Point R&D engineers and product experts.
- **Hands-On Labs** - Test drive our latest technology through our hands-on lab with step-by-step cookbooks.
- **Certification Bootcamps** – Get Certified on Check Point Products – Take a Check Point exam on the go
- **Obtain CPE credits for attending CPX** - Check Point is partnering with world-class cyber security certification vendors ((ISC)2, GIAC, EC Council, CompTIA) to provide CPX attendees the opportunity to gain Continuing Professional Education (CPE) credits

Executive & Domain Specialists Program

- **Cyber Talks Keynotes** - CPX is the premiere global event for cyber security leaders and stakeholders. Hear from the industry's best and brightest. Learn from the experts on securing AI, preparing for the frontier threats of tomorrow, and shaping strategies to meet the security demands of a rapidly changing AI world.
- **Peer Exchange** - Meet like-minded executives who are championing cyber security. Engage in exceptional CXO roundtables, participate in bespoke next-level events, benchmark practices against those of peers, and share your ideas with a vibrant CXO community.
- **CISO Connections (By Initiation)** - Join our track dedicated to CISOs that will be led by and feature our Check Point Global CISO team
- **Verticals Track** - Tailored best practices blueprints for specific specialized domain Healthcare, Defense, Industrial
- **MSP Experience (By Initiation)** – Get blueprint to become a successful MSP with Check Point
- **Partners Track** - Leverage the new partner track to provide your customers with the right security for the AI Transformation.
